### PDS Objective

Aims to outperform the benchmark, after fees, over two year periods, and return higher than cash investments and to preserve capital over one year periods.

### What is this Fund?

- The MLC Horizon 1 Bond Portfolio (the 'Fund') is an active, multi-manager style, fixed income fund which has exposure to a wide range of Australian and global fixed income managers and enhanced cash managers and is designed to be 100% of the defensive component of a client's portfolio. The Fund aims to outperform cash while producing short duration bond market-like volatility (circa 1-2% p.a.) and a very low probability (less than 5%) of a negative annual return. The Fund has a strong focus on capital preservation.
